Podere del Pari

Podere del Pari

Nature and culture
of Monte Pisano

Agriturismo

Podere del Pari is a family-run farmhouse located halfway between Pisa and Lucca, in the heart of Monte Pisano. In this haven of absolute quiet, surrounded by olive groves, Leonardo, Loredana, and their son Emanuele have turned their dream into reality—living in harmony with nature while offering hospitality in charming country houses designed in traditional Tuscan rustic style.

Alongside hospitality, the estate cultivates olive trees and produces extra virgin olive oil from native Tuscan varieties, aiming to enhance the value of the local area while promoting the recovery, development, and growth of Monte Pisano. These efforts contribute to making the land productive, harmonious and welcoming.

Experiences

Podere del Pari organizes events open to all, focusing on food and well-being. Guided walks, yoga classes, various workshops, cooking classes and tastings are just some of the experiences offered to promote a healthy lifestyle and serve as a gathering point for the local community.

Extra Virgin Olive Oil

Podere del Pari IGP Toscano - Extra Virgin Olive Oil

Podere del Pari's extra virgin olive oil is made exclusively from olives harvested in its own terraced groves, characteristic of the Monte Pisano area. The olives are cold-pressed using mechanical processes, resulting in an oil with a fresh, grassy aroma, a medium fruitiness profile, a well-balanced bitterness and a pleasantly persistent spiciness. It pairs perfectly with raw dishes like carpaccio and mushrooms, vegetable crudité, grilled meats and soups.

Awards & Distinctions:

- Selected by Oli d'Italia Guide by Gambero Rosso
- Selection of PDO and PGI EVO Oil of Regione Toscana
- Gourmet Gold Medal - AVPA Paris

Agricultural Services

Podere del Pari is committed to agricultural and agronomic activities aimed at revitalizing Monte Pisano, with a specific focus on crop management and distribution. The goal is to create value for the local community and economy while maximizing the full potential of local olive cultivation. Agricultural services such as olive grove restoration, terrace rehabilitation, regular plant maintenance, agronomic support and consultancy and olive harvesting.
